## HOUSING CONDITIONS IN HAWAII GIVEN PRAISE BY DR. HOFFMAN

Insurance Expert Also Finds  
Facilities at Leper Receiving  
Station in Kalihi Excellent

Dr. Frederick L. Hoffman, L.L.D., F.R.S., statistician of the Prudential Insurance Company, Newark, N. J., is making a thorough study of the health conditions of the islands, chiefly with regard to the native and Oriental elements.

"Collateral thereto," said Dr. Hoffman to a Star-Bulletin reporter, "I expect to inquire into the economic progress of the islands and a number of special matters, such as leprosy and cancer. I expect to visit all the large islands, including the settlement at Molokai. It is my intention on my return to assist in the movement for the establishment of one or more national leprosy hospitals on the mainland."

Wednesday Mr. Hoffman was shown around the Kalihi receiving station for lepers by Dr. J. S. Pratt, president of the board of health, and Dr. G. W. McCoy, director of the United States leprosy investigation station. Yesterday through the courtesy of J. A. Rath, head worker of the Palama settlement, he was shown over a large section of the surrounding territory to familiarize himself with conditions of life of the native and Oriental populations.

Dr. Hoffman is enthusiastic in his praise of what has been done by the territory for the care of lepers in the initial stages of the disease. "The conditions, he says, are almost ideal, with a guarantee of qualified and considerate treatment. He was particularly impressed with the admirable housing and home conditions of the native and Asiatic population, in marked contrast to what he had expected to find."

He addressed the insurance club while at luncheon in the Young hotel yesterday on general insurance matters, including the pending Workmen's Compensation bill. In substance he said such an act was called for but it would be advisable to adopt a more simple measure at this time than the elaborate bill now before the legislature. He believes the provision for a

state insurance fund should be eliminated, as local conditions do not necessitate such a fund at the present time.

Methods and means of making the attractions of Hawaii more effectively known to the people on the mainland will be the subject of his address before the Hawaiian Promotion Committee at its regular meeting this afternoon. Tonight he will address the Medical society on the health problems of Hawaii, presenting briefly the results of an extensive special statistical study of the mortality of Hawaii for a period of years. This will also include some observations on the cancer problems on behalf of the American Society for the Control of Cancer. He is the chairman of the statistical committee of that organization and a member of the executive committee.

Dr. Hoffman has the honor of having received the honorary degree of Doctor of Laws from Tulane University, Louisiana, together with Dr. W. C. Gorgas, who was raised to the rank of major-general yesterday for work in the Panama canal zone. Dr. Hoffman is also an honorary member of the American Medical Association.

## IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" ends indigestion,  
Gas, dyspepsia and stomach misery  
in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent boxes of Pape's Diapiesin, then you will understand why dyspepsia of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia or any stomach misery. Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes—advertisement.

## FISH TRAPS IN HARBOR STOLEN BY THIEVES

Fish traps near the mouth of the harbor have been the objects of frequent raids of late by unknown trap pirates, it is learned. Not only are the fish taken but the trap as well. As it costs \$11 to make a trap of the usual galvanized wire netting, the trap owners are anxious to catch the thieves.

## SPANISH GUNS SINK BURNING OIL CARRIER

[Associated Press by Fed. Wireless.]  
ALICANTE, Spain, March 5.—Spanish guns were trained upon the Belgian oil tanker Tiflis in the harbor here yesterday and that vessel was sunk by the bursting shells poured into her hull at close range. The act was not one of war, however, but a matter of necessity, to save the other shipping in the harbor.

A petroleum explosion aboard the Tiflis at noon yesterday set the tanker afire and killed one of her sailors, while six others were seriously burned. The flames spread rapidly throughout the oil soaked upper works of the tanker and the port firemen were unable to handle the situation, while grave danger existed that the main oil tanks of the ship would explode and scatter the fire all over the harbor, where a number of ships were lying.

When the situation grew grave, the port authorities telegraphed for a warship to sink the Tiflis, which was accomplished.

## DIVINE SARAH HAS RELAPSE; CONDITION GRAVE

[Associated Press by Fed. Wireless.]

## TRY "GETS-IT," IT'S MAGIC FOR CORNS!

New, Simple, Common-Sense Way.  
You will know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this. It will dampen you, especially

Kelly's Corns in Every Nail Use "GETS-IT," It's "Gets" Every Corn Surely, Quickly!

If you have tried everything else for corns. Two drops applied in a few seconds—that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toes with bandages; used thick, compressing cotton rings; corn-pulling salves; corn-teasing plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corn agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood poisoning are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

"GETS-IT" is sold by druggists everywhere. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Honolulu and recommended as the world's best corn cure by Benson, Smith & Co., cor. Port and Hotel Sts., and Hollister Drug Co.—Advertisement.

## PITTSBURG BANK ORDERED CLOSED BY COMPTROLLER

[Associated Press by Fed. Wireless.]  
PITTSBURG, Pa., March 5.—The German National Bank here was closed yesterday by the comptroller of the currency, who announced in the reasons published that the management of the bank had disregarded the elementary principles of sound banking in its conduct of the affairs of the institution.

The officers and directors of the bank are identified with the Pittsburgh Brewing Company, the securities of which have lost value during the past several months and which were held largely by the bank.

The decrease in the market values of the brewing company's securities is said to be because of the enforcement of the prohibition law in West Virginia and the spread of local option in Ohio.
